CANADIAN
PETROCHEMICAL
— SUMMIT —

The Summit

Breathtaking views joined by thought-provoking takeaways

The Summit is an exclusive gathering of top minds in the Canadian petrochemical industry.

The goal of the Summit is to create a platform for thought-leaders to improve the industry through meaningful discussions, facilitating new connections, and sharing topical and current information.

Speakers will delve into vital topics and trends that are reshaping the petrochemical and chemical sectors. The program will focus on industrial decarbonization and energy transition, Canada's role in global market demand, national forecasting and trends, and insights into competitive regulatory frameworks.

This event sold out within hours in 2023, and the 2024 Summit's capacity is very limited due to its exclusive nature. Don't miss this opportunity to explore the future of the Canadian petrochemical industry.

Who Should Attend?

New in 2024:

To ensure this experience provides unparalleled value for like-minded senior professionals, the event's registration will be managed through invitations and an online waitlist for other interested attendees.

- **Chief Executive Officers**
- **Chief Operating Officers**
- **Chief Financial Officers**
- **Senior and Executive Level Professionals**
- **Board Members**

KEYNOTE SPEAKER:

Jim Carroll

Jim Carroll is recognized as the world's leading futurist, trends, and innovation experts, with a massive global blue-chip client list.

Over the last 30 years, more than 2 million people have shared his insight at his events. Jim's global client list gives him a front-row seat to the high-velocity change that is occurring as disruption comes to take hold of every industry and every organization. He has researched key innovation success factors for dozens of organizations and industries including life sciences, health care, insurance, automotive, manufacturing, agriculture, technology, education, government, consumer products, retail, banking, and countless others.

He has been invited in by NASA (twice) to share his insight on the future of the space industry; by Disney, to advise on new strategies for creativity and innovation; by the PGA of America for his thoughts on how to accelerate the golf industry; by Pfizer for insight on the future of medical science; by the World Bank for his thoughts on opportunities for economic development; and by the Wall Street Journal for his perspective on disruptive trends.

ALBERTA'S
INDUSTRIAL
HEARTLAND

About the Host

Alberta's Industrial Heartland Association (AIHA) is a non-profit organization that drives investment to Alberta's Industrial Heartland. Be a part of the energy by following us on our LinkedIn page, as we celebrate 25 years.

Canada's Largest Hydrocarbon Processing Region

Alberta's Industrial Heartland is one of the world's most attractive locations for chemical, petrochemical, oil, and gas investment. As Canada's largest hydrocarbon processing region, the Industrial Heartland is making history enabling diversification at the intersection of economic resiliency and environmental leadership. With \$45+ billion in existing capital investment and more than 40 companies, the region provides fuels, fertilizers, power, petrochemicals and more to provincial and global consumers.
